Pink 5mile route

- * From the car park, turn left straight on to the trail way and continue until you reach the top of the first hill.
- * At the top, where there is a break in the trail way, take the farm track on your left, this takes you to the main Shillingstone road, so be careful if you bought your dog along as it's a fast road.
- * At the road ,cross straight over in to the tree through the green gate.
- * At this point, remember hills are our friends and please don't hate me. This is the only hill on this route so we made it a good one! Continue up the hill ,keep going straight on/left ish until you come out of the tree at the very top.
- * Now you should see why that hill was worth it ,that's it no more hills!! Keep following the track until you enter some woods again. Here continue straight on. Ignore the tempting down hill track on your left ,it is deceiving and leads to a long up hill which is part of the sticker route, but if you would like to knock half a mile off your route, this is the path to take, it is the red path on your map.

- * Keep going past the wooden hut on to the track by the field .Follow the track until the end,
- * Here take the track on your left until you see a bridleyway sign through a field on your right, at the end of the houses,
- * Follow this path down through the field until you reach a gate leading in to a wooded area. Keep following this path through more gates until you exit the woods.
- * Here you meet a field with a grass hill on the right, continue on in the same direction.
- * On meeting the hedge running in the same direction as you, keep to the right hand side.
- * Follow the path through more gates until you reach a house on your left, a pony field on your right and a road in front of you.
- * Follow the road on your left until you meet the main road . Cross and follow the pavement left.
- * Take the first track on your right between horse fields and follow until you go over a weir , keep following this path over a green bridge and under the big bridge (TURN RIGHT AFTER THIS BRIDGE IF YOU ARE WALKING HOME) until you reach the Church,
 - * Follow the road out of the car park
- At the cross roads ,go left and the car park where you started is down here on the left
